WHY IT MAKES SENSE

IT'S NOT INSURANCE. You actually use what you pay for each month!

You don't have to choose between a healthy pet and a balanced budget. As pet care professionals, we have the privilege and responsibility to help you improve and prolong your pet's life with affordable care and easy, personalized options.

You save \$\$\$.

Bundled wellness services and supplies allow us to offer the very best veterinary care at deep discounts, saving you hundreds of dollars each year. Ask us how prices compare for the same individual services.

Experience matters.

Having over 50 years of combined experience providing care for pets has shown us the importance of quality health services.

Free physical exams.

You'll never pay for an office visit or a follow-up examination.

A healthier pet.

Research shows that preventive care can improve, save, and prolong your pet's life, the same way it does for you.
